

Lunch and Learn About Trends in HIV/AIDS

The HIVSTD/VH/TB Epidemiology Section of the Michigan Department of Community Health (MDCH) maintains surveillance data on all cases of HIV living in Michigan at the time of diagnosis. In addition to maintaining surveillance data, the section conducts analyses of the data to understand trends in the Michigan HIV epidemic over time.

Danielle Smith, HIV Epidemiologist and Data Manager at MDCH, will present data on trends in new diagnoses by demographics, risk, and geographic area. In addition, she will discuss trends in HIV-related deaths in the state and the underlying forces impacting these trends.

The details are: Date: **Wednesday, February 29, 2012**
 Time: 12:30 pm
 Place Fairlane Club: 5000 Fairlane Woods Dr., Dearborn
 Cost: \$35.00 for SEMCC Members , \$50.00 for non-members
