

Lunch and Learn About Kids Count In Michigan

Kids Count in Michigan, a collaborative project of the Michigan League for Human Services and Michigan's Children, regularly collects and publishes information about child well-being as a basis for public policy development and community action. Kids Count is the premiere example of the mission of the Census Council – the development and use of data to drive decision-making. The project is part of a broad national effort sponsored by the Annie E. Casey Foundation.

Come join the Census Council on September 17 when we welcome Jane Zehnder-Merrell, Director of Kids Count in Michigan and Senior Planning/Research Associate at the Michigan League for Human Services. Jane will provide an overview and history of the project, explore trends in the indicators that Michigan has tracked over the years, and give a preview of the 2003 Databook results.

The details are:

Date: **Wednesday, September 17, 2003**
